FLIGHT and AIRCRAFT ENGINEER

INDEX TO VOL. XLVII

JANUARY TO JUNE, 1945

A

Ae.E.A. annual meeting, 443
A.I.D. dinner to industry, 453
—— Technical Staff Association annual general meeting, Date of, 277
A.I.R.O.H., Formation of, 430
Accident to aircraft carrying Yalta Government officials, Report on, 480
Accidents, "Indicator" on, 314
—— Pilots training regarding (outlook), 327
—— R.A.F. officers killed in, 551
—— to transport aircraft, Serious number of, 165
Acland, Capt. P. D., resigns from Percivals, 6
Admiral Scheer sunk, 411, 439 (illus.)
Aero Piston Ring Co., staff appointments, 469
—— transport services in the Caribbean, 511
Aerodrome Owners' Association's plans. Protest to Government and annual dinner, 236
—— Owners Association's recommendations on civil aviation, 646
Aeronautical Chamber of Commerce publicity drive, American, 367
—— Engineers' Association's annual meeting, 443
—— Engineers' Association 1945 delegate conference 552
Aeronautics department for Bristol University, 339
"Aeroplane's" London airport competition result, 386
African air talks, 184
"Agamemnon" trial, Letter giving details of the (C. A. Rea), 591
Aikens, Lt. (A) B., receives American D.F.C., 576
Aileron servo unit, Article on a new, 366
Air ambulances rescue wounded in Burma, 151
—— bases in Australia, Mobile, 469
—— car ferry proposal, 346
—— cargo transport, Letter replying to N. Walker on (B. Macartney-Filgate), 49
—— cargoes sent to America, Amount of, 430
—— charabanc proposed, 309
—— Council changes, 333
—— education of the layman, V. L. Gruberg on, 72
—— Estimates speech, 271, 275
—— Force Cross and Bar Awards, 109, 704
—— Force Cross Award to Flt. Lt. C. L. Pashley, 32, 704
—— Force Medal Awards, 651
—— help for armies in Belgium essential (Outlook), 2
—— insurance, Criticism of British, 249
—— mail labels, Use of, 170
—— Navigation School crest, 162
—— photography after war, 342
—— position indicator mentioned in American journal, Secret, 442
—— power in war, Russia's opinion of, 217
—— Registration Board issues airworthiness requirements, 565
—— Registration Board requirements, 696
—— School Post-war Association, First Handbook of the, 524
—— Service Training, Ltd., War Activities of, 382
—— services, Details of various internal, 482
—— Training Corps Boxing Championship, 386, 551
—— Training Corps cadets' parade at Biggin Hill, 468
—— Training Corps coming events, 496
—— Training Corps, Commons debate on the, 284
—— Training Corps fourth birthday, 143
—— Training Corps gliding progress, 60, 605
—— Training Corps national rally date, 305
—— Training Corps, Outlook on shameful treatment of the, 271
—— Training Corps "Star" cadets' badge, 442
—— Training Corps victory parade, 538
—— transport after war. Very few pilots needed for, 365
—— Transport Association, International, 235
—— Transport Association members, 501
—— Transport Auxiliary Awards, 249
—— Transport Auxiliary Casualties, 82, 110, 192, 216, 270, 380, 518
—— Transport Auxiliary casualties during war, 276
—— Transport Command, Number of miles flown since formation of, 618
—— transport, "Indicator" on post-war, 260
Air transport, Lords debate on British, 318, 343
—— transport operations meeting in Havana, 556
—— transportation for mineral prospectors, Free, 263
—— travel, Letter on the safety of ("Napper"), 403
—— travel, Letter suggesting the boosting of (J. Barnett), 457
—— Age education, Article by Capt. K. J. G. Bartlett on, 339
—— Navy controversy, Letter on ("N.O."), 485
—— rail plans, 156
—— Sea Rescue Awards: D.S.C., 351
Airborne Forces, Full story of formation and work of our, 608
—— lifeboat, Short article on the, 253
—— lifeboats, Letter referring to article on (M. J. H. Bruce, Cunliffe-Owen Aircraft, Ltd.), 159
—— lifeboats, 2 pp. pictures showing dropping of, 62
—— troops, Sir B. Montgomery's speech to press on the use of, 76
Aircraft, American sale of surplus, 185
—— Article by R. J. Nebesar on cargo, 478, 502
—— Article by W. Shackleton on cargo, 144, 176
—— carrier *Ancylus* (illus.), 407
—— carrier *Indefatigable* (illus.), 167
—— carrier listing in storm (illus.), 142
—— carriers, B. J. Hurren on, 180
—— carriers in Pacific, American (illus.), 276
—— carriers in Pacific, 2 pp. pictures showing, 226a
—— carriers on way to Sumatra (illus.), 627
—— carry their own runway, 315
—— drop supplies to E.L.A.S. prisoners, 246
—— exhibition in Oxford St., Plan and details of, 603
—— for the private owner, Article on safer, 123
—— in America, Forecast of number of post-war private, 442
—— in future use, D. R. Parvin's views on, 646
—— Golfing Society dinner, 103
—— industry, Mr. R. H. Coverley on Britain's, 175
—— industry scholarships, 125
—— Industries Research Organisation on Housing, 430
—— for use against Japan, A.V. Roe building, 443
—— Letter on post-war private ("Small Four,") 431
—— Line-up of various (illus.), 462
—— lost during war, List of, 494
—— operating costs, Article on, 207
—— operators' reactions to Government White Paper, 670
—— reconversion uneconomical says America, 400
—— Sale of Surplus Canadian, 658
—— Serious number of accidents to R.A.F. transport, 165
—— speed increased by removal of paint, 223
—— to fly in all weathers, Outlook on post-war, 165
—— types, Number of new, 571, 664
—— upkeep, Letter on light (Potential Owner), 158
—— (Van), 292
—— Value of surplus American, 483
Aircrews' specialised interrogation (illus.), 274
Airfield turf expert dies, 551
Airfields in America too small for large aircraft, 395
—— Outlook on success achieved by bombing, 547
—— returned to Canada, 670
Airline corporations after war, Britain to operate three main, 299
—— operation, Protests against Government policy regarding, 309
Airlines, Mr. A. B. Royce on post-war, 156
Airman receives three promotions and two decorations in a week, 223
Airport competition result, "Aeroplane's" London, 386
—— for Newcastle, 184
—— for the Vatican, Proposed, 156
—— in San Francisco Bay, J. H. Kaiser's proposed, 497
Airscrew blades, Letters on, (V. H. Izart and N. V. Brittain), 158; ("Aged"), 186; (J. R. F. Wareham, W. F. Lang and R. Ingram), 293; (O. W. Carr, H. FitzHalberd and N. V. Brittain), 347; (J. C. Mathews and A. V. Cleaner), 431
—— braking, C. B. Bailey-Watson on, 368
—— flies off, Letter asking information if (N. C. Skinner), 541
Airscrew flight from damaged aircraft, Letters on direction of (D. C. Cook) 647; (W. Goodall and C. A. Real), 702
Airscrews, Lecture on principles of construction of, 142
Airspeed A.S. 57, Operating costs of the, 207
—— Ltd. planning new civil air liner, 17
Airworthiness paper before Society Automotive Engineers, E. Warner's, 511
—— requirements issued, 565
Allied Airways' activities during the war, Article by C. Brunning on, 510
—— Airways protest at Government refusal to operate service, 669
Allison jet engines now in production, 223
—— W-type engine now going into production, 248
Allward, M. F., on monocoques, 65, 94
Aluminium Development Association, Formation of, 415
—— Industries Exhibition, 601
Alvis celebration after 10,000 engines, 630
—— New general manager for, 249
Amateur Photographer, Mr. A. L. M. Sowerby appointed editor to, 89
Ambulance in jungle, Air (illus.), 133
—— slung under aircraft wing (illus.), 248
America accepts certain agreements at Chicago Conference, 206
—— against converting military aircraft to airliners, 400
—— and Canada, Air route agreements between, 236
—— and Eire, Rights of transit between, 184
—— and Iceland, Reported civil aviation agreement between, 129
—— and South Africa, Proposed service between, 89
—— and Sweden, Airline agreement between, 346
—— and the Argentine, Estimated cargo figures between, 129
—— Forecast of number of post-war private aircraft in, 442
—— Number of aircraft produced per month in, 170
—— plans to use Tokyo as airline stage, 539
—— relinquishes responsibility on Canadian airfields 670
—— to build airfield near Madrid, 373
—— to have company to handle all foreign air routes, 185
—— to hear actual combat broadcasts, 333
—— to Spain service trial flight, 483
—— Total and details of surplus aircraft sold in, 483
—— wanting more aircraft carriers, 601
American Aeronautical Chamber of Commerce publicity drive, 367
—— Air Ambulance improvement, 363
—— air appointments, 463
—— air crews go on tour of bomb damage on Continent, 552
—— Air Force appointments, 222
—— Air Force losses, 359
—— air lines proposed to India, China and Japan, 206
—— Air Transport Command extends service into Italy, Corsica and Sardinia, 143
—— Air Transport Command figures, 248
—— air transport report, 291
—— aircraft carrier *Midway*, Launching of, 304, 329, 410 (illus.).
—— aircraft drop food to prison camp in Japan, 524
—— aircraft industry, Number of persons employed in, 249
—— aircraft manufacturers refused permission to build commercial types, 540
—— aircraft output during March, 442
—— aircraft production gradual cut, 497
—— aircraft sent to Allies, Nos. of, 468
—— airfields too small for large aircraft, 395
—— airline figures, 696
—— airline reconverts Fortresses. 427
—— airlines total transport figures for 1944, 73
—— airlines traffic figures, 129
—— airmen get French Awards, 551
—— airmen, Shrine at Norwich for, 580
—— airmens' armoured suits, 88
—— and Canadian Governments civil aviation delegates, 129
—— anti-gravity suit (illus.), 31

American armament production, Reorganisation of, 33
—— aviation bills, 309
—— aviation insurance rates cut, 497
—— bomb, New, 7
—— bomber conversion to civil use, 695
—— bombers low-level attack on Japanese airfield (illus.), 113
—— budget for aeronautics, 100
—— /Canadian airline agreements, 447
—— carrier hit by Japanese shell (illus.), 29
—— carrier *Midway*, Launching of, 304, 329, 410 (illus.)
—— carrier *Tuscaloosa* (illus.), 294
—— carriers at sea (illus.), 518
—— census of prospective private owners, 539
—— Chamber of Commerce advocates acceptance of agreements at Chicago Conference, 184
—— Civil Aeronautics administration officials visit to London, 263
—— civil air attaché, New, 523
—— comment on British airlines White Paper, 309
—— competition with British airlines likely after war, 291
—— decorations for R.A.F. Arnhem air crews, 443
—— discussions on the Chicago Conference, 374
—— 8th Air Force, Gen. Doolittle describes work done by the, 537
—— 8th Air Force new appointments, 89
—— 8th Air Force, Third birthday of the, 157
—— Export Airlines resuming commercial operations, 73
—— Export Airlines services, 582
—— feeder lines lean period to come, 511
—— fighter, Priority for new, 198
—— flight engineers in line for commissions, 552
—— flying bomb, First flying pictures of the, 221
—— flying bombs ready to attack Japan, 277
—— internal air mail routes for a year, 16
—— jet-propelled plane, First mention of new, 143
—— journal's misleading report on jet propulsion, 175
—— La Guardia airport daily traffic, 117
—— Mosquito station, Article after visit to, 200
—— National air cargo meeting, 138
—— new Army rank, 6
—— new types of unusual aircraft (4 photos), 199
—— paratroops land inside Japanese prison camp, 221
—— passenger/freight miles in 1943, 45
—— petrol dump in Germany (illus), 546
—— petroleum output increase, 222
—— pilot crash-lands Thunderbolt after direct hit, 247
—— pilot explaining Thunderbolt instrument panel to A.T.C. cadet (illus), 25
—— pilot makes crash landing on deck, 140
—— pilots get D.F.C. (Names), 88
—— placing demolition charge on captured plane, 415
—— private flying, N.D. Ryder on, 481
—— private flying rules, 669
—— private owner competition, Article on winning design, 470
—— private owners, Medical requirements of, 447
—— rocket development, 170
—— rocket projectiles, 88
—— sale of surplus aircraft, 185
—— Seabees 3rd birthday, 76
—— Senate appoint aviation sub-committee, 670
—— shipowners reaction to British civil aviation White Paper, 373
—— surveys of passengers' wishes, 100
—— system of changing aircraft names, 249
—— 3rd Fleet in Pacific (illus.), 276
—— tourists plan to visit Britain, 539
—— U.S.A.A.F. promotions, 415
—— "Wasps" stand down, 6
—— "Waves" trained as navigators, 658
Americans attacking Japan by night, 680
Amherst, Lord, leaves R.A.F., 88
Amigen protein preparations flown to Holland, 590
Amphibians, "Indicator" on, 18
—— Letter referring to article on (C. G. Hancock), 77, (P. R. Payne), 130, 237
Amphibious aircraft (Outlook), 1
Ancylus aircraft carrier (illus.), 407
Andrews, Air Vice-Marshal J. O., retires, 576
Anti-aircraft co-operation squadron receives crest, 61
Anti-g suit for fighter pilots, 37
Antwerp target for 9,000 flying bombs, 468
Arado Ar 232B transport plane (drawing and g.a.), 155
—— Ar 234 jet-propelled reconnaissance bomber (J. P. drawing), 509, 632
—— jet planes encountered over Western front, 304
Ardennes, Rundstedt retreating from the, 113
Argentina, Civil aviation plans for, 185
—— forming Government department for aviation, 73
Argentine air services, 511
—— civil aircraft factory, New, 6
Argyll confers with Scottish Airways for landing facilities, 582
"Aries" crew (illus.), 622
—— flies to Canada, 629
Ark Royal, Silver ship's bell for the new, 33
Armapura, Liberators dropping bombs on, 220
Armee de 'Air, Revival of the, 140
Armoured backs for American airmens' suits, 88
Armstrong-Whitworth Whitley (illus.), 563
Army Awards: (A.F.C.), 241
—— (D.C.M.), 25, 190
—— (D.F.C.), 25, 80, 190, 241, 267
—— (D.F.M.), 190, 241, 352
—— (D.F.M. Bar), 241
—— (D.S.O. 3rd bar), 190
—— (M.C.), 25, 80, 267, 297
—— (M.C. Bar), 190
—— (M.M.), 25, 190
—— (M.M. Bar), 25
—— (O.B.E.), 190, 297
Army, Need for R.A.F. personnel to be transferred to, 281
Arnold, Gen., on air power (Outlook), 56
Artist, Vacancy on staff for, 6
Ascender tail-first fighter experiments, Curtiss Wright, 170
Assisted take-off, Article by C. B. Bailey-Watson on rocket-, 250
Association for Scientific Photography lectures, 497
Asymmetrical aircraft, Article by R. Tennant on, 34
—— aircraft, Letter on (J. Bernard and A. Crichton), 105; (J. G. Henry), 130
Athens, Cessation of fighting in, 31
Atlantic ferry flights, Number of B.O.A.C., 48°
—— winter services, B.O.A.C., 560
Attitude gyro, Article and sketches on the Sperry, 334
Attkins, E. G., on jet propulsion, 172
Auchinleck, Gen., in India (illus.), 242
Australia, Air mail to, 501
—— and India, Service between, 277
—— Fleet Air Arm in, 320
—— Many people planning to go to, 552
—— Need for more F.A.A. stations in, 552
—— negotiating with Canada for reciprocal landings, 129
—— Number of air crew trainees in, 580
—— Pilots and aircrews working in docks in, 198
—— preparing airstrips for Fleet Air Arm, 170
—— Proposed direct service between Britain and, 156, 618
—— to have airline operating authority, 400
—— Air Force, No. of personnel in the, 117
Australian airmen in Canada returning home, 142
—— airmen receive D.F.C., Three (illus.), 378
—— bush fire danger, 183
—— civil airlines' figures and details, 483
—— fighter wing formed in Europe, 371
—— Liberator O.T.U. (2 pp. pictures), 448A
—— pilots protest at type of targets, 522
—— post-war fruit export, Article by Lloyd Clarke on the possibilities of, 150
—— -built aircraft, Article by J. Storey on various, 659
—— -built Lancasters ready for delivery, 552
—— -Oriental line's expansion, 540
Australians allowed private flying petrol, 359
Aviation Charter, Civil, 316
—— debate at R.Ae.S., Ship/rail/air civil 125
—— debates at the R.Ae.S., Dates for civil, 55
—— fuel from Australia for America, 497
—— insurance, "Indicator" on, 535
—— G. G. Smith on our future commercial, 449
—— R. Blackburn and Air Marshal Bishop on post-war, 89
—— talks in London under Lord Swinton, Civil, 16
—— White Paper, Outlook on civil, 244
Avro Co. produces first civil type after both wars (Outlook), 679
—— Anson presented to King Farouk, 199
—— Lancaster (illus.), 564
—— Lancaster "Aries" crew (illus.), 622
—— Lancaster "Aries" flies to Canada, 629
—— Lancaster "Aries" goes on Polar flight, 550, 574
—— Lancaster "Aries" with crew (illus.) ji 574
—— Lancaster dropping 22,000 lb. bomb on Arbergen bridge (illus.), 356
—— Lancaster, Shovelling snow from wings of (Illus.), 113
—— Lancaster, 22,000 lb. bomb leaving bomb bay of a (illus.), 681
—— Lancaster taking off by aid of "Fido," 613
—— Lancaster veterans, Details of flights of, 7, 32
—— Lancasters of R.C.A.F. flown to Canada, 629
—— Lancasters taxying up runway (illus.), 300
—— Lancastrian, Article and photographs on the, 118
—— Lancastrian flown on New Zealand Service, First, 483
—— Lancastrian (flying), 112
—— Lancastrian record flight from Sydney to Britain, 629
—— Lancastrian, W/O panel in the (illus.), 129
—— Lincoln being built in Australia, 630
—— XIX (development of Anson) (illus.), 539
—— Tudor I (illus.), 654
—— Tudor I and II present production, 309
—— Tudor I, Full description MM. drawing, g.a., and photos of the, 690
—— Tudor I test flight, 670
—— York of Duke of Gloucester (photogravure supplement with full description), 204A
—— York, Jeeps boarding, 145
Awards given to airmen who make mistakes, Mock, 61

B

B.E.T.R.O., Formation of, 353, 363
Babington, Air Marshal Sir P., on the A.T.C., 33
Bader, Group Capt. D., opens one-man painting exhibition, 684
—— Wing-Cdr. D., Release from prison camp of, 442
Bad-weather flying, "Indicator" on post-war, 182
Bailey, Sir G. E., made managing director of Assoc. Electric Industries, Ltd., 630
Bailey-Watson, C. B., Articles by: Pathfinders, 12A; Rocket-assisted take-off, 250; Airscrew braking, 368
Baldwin, Air Marshal Sir J., appointed trustee of War Museum, 684
Balloon bombs falling on America, Japanese, 637
—— Command disbanded, 141, 165, 174
—— Command, Message from H.M. The King to, 198
Bandon, Air Cdre. the Earl of (illus.), 85
Banks, Air Cdre. F. R., Address to Institute of Mechanical Engineers by, 222
—— Air Cdre. F. R., Papers by: Post-war flying, 208, 218, 226; Power unit development, 226
Barstead, L.A/C, and Wragg (illus.), 351
Bartlett, K. J. G., Article on air-age education by, 339
Beechcraft Expeditor, 3 photos of the, 639
Belfast Aeronautical Engineers' Club, Opening of, 117
Belgian Fairey factory collects wages after occupation by Germans, 524
Bell Airacomet jet plane, More details of the, 392
—— E. A., on Swiss post-war plans, 501
—— helicopter (illus.), 39
—— Kingcobras flying over Niagara Falls, 464
—— XP59A jet plane (illus.), 255
—— XP-77 all-wood fighter (illus.), 387
Bellingham, Padre C. E. W., making shell cases into bells (illus.), 593
Bendix helicopter, New design of, 332
—— Stromberg carburettor lecture, 684
Bennett, Air Vice Marshal D. C. T., to stand for Parliament, 371
Benzole for America from Australia, 497
Berchtesgaden, American Thunderbolts bomb, 217
—— destroyed, Hitler's chalet at, 465
Berger G.2 suit, Short description of the, 37
Berle, Mr. A., new appointment, 88
—— reviews Chicago Conference, 512
Berlin attacked in daylight by 1,300 American bombers, 303
—— bombed nightly, 5, 245, 274, 331, 385
—— First Russian shells fall in centre of, 441
—— Great attack by Fortresses on, 169
—— has 6 Mosquito raids in one night, 441
—— Low flying picture of Unter den Linden in, 549
—— Russians continuing dash to, 139
—— Russians show British ruins in (illus.), 550
—— threatened by advancing Russian armies, 114
—— to Moscow service revived, 582
Bermuda Rotary Club, Sir R. Fairey addresses, 100
Bernays, Capt. R., and Mr. J. D. Campbell, Still no news of, 333
Berne airport, New, 501, 512
Bielefeld viaduct hit by ten-ton bomb (illus.), 330
Big Three meeting in Black Sea area, 167
Bird caught in wing (illus.), 434
—— in cage, Letters regarding airborne weight of (R. F. Ffrench Denitt), 21; (C. L. Brokenshaw) 21; (H. H. Caplan), 104; (Capt. W. G. Goebert), 130
Birthday Honours, 645, 697
Bishop, Air Marshal, on post-war aviation, 89
Blackburn Aircraft to open branch in Canada, 386
—— Hermes engines servicing finished, 142
—— R., on post-war air routes, 89
—— 6-engined flying boat project, 401
Black-out ends in Britain, 440
Blind employees of Miles Aircraft get their own newspaper, 6
Blohm and Voss factory wrecked (illus.), 466
Blower, Article on the Marshall cabin, 643
Boeing civil version of Superfort, Truck driving out of, (illus), 198
—— Fortress attacking Focke Wulfe factory (illus.), 565
—— Fortress, Brig.-Gen. F. W. Castle killed in, 157
—— Fortress burning on ground (illus.), 384
—— Fortresses dropping bombs (illus.), 86
—— Fortresses flying over Mount Fuji, 220
—— Fortresses leaving vapour trails over Berlin (illus.), 168
—— Fortresses to be reconverted, 427
—— B-29 flight engineers board (illus.), 683
—— 377 (Stratocruiser), Description and photographs of the, 10
—— Stratoliner interior (illus.), 68
—— Superfortress base in Marianas (illus.), 521
—— Superfortress burning (illus.), 196
—— Superfortress, Cargo version of the, 147
—— Superfortress, Interior photos and brief description of the, 115
—— Superfortress taking off from Saipan (illus), 52
—— Superfortresses dropping incendiaries on Japan (illus.), 329
—— Superfortresses, Formation of, 266
—— Superfortresses sink floating dock at Singapore, 140
Bologna, Fall of, 441
Bomb, Building the ten-ton (illus), 355
—— Close-up of new close-support, 240
—— Close-up of ten-ton (illus.), 468
—— crater of 22,000-pounder, 359
—— door mechanism, New speedy, 359
—— dump in Holland (illus.), 169
—— dump in mud in Europe (illus.), 54
—— First flying pictures of the American flying, 221
—— leaving bomb bay of Lancaster, 22,000 lb., 681
—— Outlook an the ten-ton, 463
—— R.A.F. fighter bombers use new anti-personnel, 168
—— tonnage and aircraft losses, Total, 682
—— used in Pacific, New incendiary, 630
—— versus battleship by B. J. Hurren, 454
—— versus battleship controversy, 438
—— Viaduct hit by ten-ton (illus.), 330.
Bombs delivered by boat in Burma (illus.), 522
Bomber Command well ahead of Luftwaffe (Outlook), 653
—— Command's record, Article on, 495
—— Command's offensive, Articles on, 671, 699
—— Outlook on necessary development of the high, fast and heavy, 491
Bombing, Full details of 4½ years night, 671
—— in jungle, Pin-point, 281
—— Photo showing incredible results of R.A.F., 246
—— tactics, Our, 243
Bombs, American car company mass-producing flying, 304
—— as stepping stones on Italian airfield, 249

Bombs, Dates of the first use of various, 302
—— disliked by Germans, R.A.F. new cluster, 276
—— dropped by R.A.F. during war, No. of, 414
—— dropped on Germany during 1944, Number of, 31
—— falling from Liberator, H.E., and incendiary, 58
—— hit aircraft flying below (illus.), 412
—— leaving a Lancaster (illus.), 30
